Finalist, Foreword Reviews Book of the Year Award, Biography Category B Digging deep into the vaults of Warner Brothers and the collections of the Academy of Motion Picture Arts and Sciences as well as other private archives, this book explores the complex personal and professional relationship of Errol Flynn and Olivia de Havilland. Flynn, even 50 years after his death, continues to conjure up images to the prototypical handsome, charismatic ladies' man; while de Havilland, a two-time Best Actress Academy Award winner, is the last surviving star of *Gone with the Wind*. Richly illustrated with both color and black-and-white photos, most previously unpublished, this detailed history tells the sexy story of these two massive stars, both together and apart.
